INDEX TO VOLUME XIII

A

Abdominal twin pregnancy, a case of, presenting unusual features, Harrar, James A., 752

Abortion, induction of, rupture of uterus following, Stamm, C. J., 263

Acosta-Sison, H., A new sagittal pelvimeter, 760

Actinomycosis, peritoneal, with the report of a case, Cherry, T. H., 248

Adler, L., Uselessness of the term "metropathy," (Abst.), 273

Ahlfeld, Rectal examination, (Abst.), 759

Allen, E., Compere, E. L., Jr., and Austin, W. C., Some results obtained with parathyroid extract in the control of idiopathic menstrual bleeding, 156

—, and Ellis, M. M., The effect of ultraviolet rays on the hormones of the ovarian follicle and placenta, (Abst.), 128

—, (with Pratt, J. P.), Clinical tests of the ovarian follicular hormone, (Abst.), 123

Alvarez, W. C., and Zimmermann, A., The relation between celibacy in women and defective pelvic organs, 30

Amenorrhea, psychic, Bullard, E. A., 393

Analgesia, rectal ether, in childbirth; technic and results in 6000 cases, Harrar, J. A., 671

in labor, technic and results in 5800 cases at the New York Lying-In Hospital, Harrar, J. A., 486

"Anatomia infantis," the, of Gabriel de Zerbi, Crummer, Le Roy, 352

Anesthesia, pneumonia as a sequel to, Rucker, M. Pierce, 764

Andrews, H. R., Backache in women, (Abst.), 276

Aschner, B., The influence of the hypophysis on the female genital organs, (Abst.), 125

Astley, B. G., Spinal anesthesia in cesarean section for toxemia of pregnancy,, 83, 117

Austin, William C., (with Allen, E., and Compere, E. L., Jr.), Some results obtained with parathyroid extract in the control of idiopathic menstrual bleeding, 156

Averett, L., Nonspecific protein therapy in gynecology, 238, 265

B

Backache, chronic, in gynecology, Dougal, (Abst.), 276

in women, Andrews, H. R. (Abst.), 276

Bader, C. W., (with Enfenger, H.), Lipoid content of the ovary during pregnancy and atresia of the corpus luteum of menstruation during pregnancy, (Abst.), 122

Baer and Reis, The sedimentation test in gynecology, (Abst.), 270

Bakwin, H., and Rivkin, Helen, A comparison of the content of potassium in maternal and placental serum, 68

Barrows, David Nye, Primary carcinoma of the fallopian tube, with report of three cases, 710

Bell, W. Blair, Ovarian grafting, (Abst.), 129

Benthin, W., The so-called puberty gland, (Abst.), 120

Beuttner, Oscar, The transverse excision of the fundus uteri with ovarian conservation, 512, 789

Bland, P. B., Hydatidiform mole complicated by perforation of the uterine wall and secondary chorioepithelioma of the pelvis, 189, 265

Bonifield, Charles L., Tuberculous peritonitis, 789

Books received, 278, 418

Boorstein, S. W., Separation of the symphysis pubis, with a report of six cases, 345

Borchardt, L., Thyreo-sexual insufficiency, (Abst.), 126

Bour, D., (with Tuffier, Th.), Ovarian grafts. Experimental and clinical results concerning menstruation, fecundation and pregnancy, (Abst.), 129

Breast milk, an excellent substitute for, Calhoun, D. A., 96

postparturient, the fallacy of the present treatment of the, Van Dolsen, W. W., 236, 264

Bronnikoff, The method of the blood corpuscle sedimentation reaction and its importance to gynecology, (Abst.), 270

Brown, G. Van Amber, The developmentally unfit infant, 541

Bullard, E. A., Psychic amenorrhea, 393

Bunzel, E. E., Pulmonary embolism complicating pregnancy, labor, and the puerperium, 584, 654

C

CALHOUN, D. A., An excellent substitute for breast milk, 96
CAMPBELL, ALEXANDER M., An obstetric tampon, 785
Carbuncle of the kidney, Furniss, H. D., 650
Carcinoma of the cervix, prevention of, Charlton, H. R., 755, 798
of fallopian tube, primary, with report of three cases, Barrows, David Nye, 710
CARRELL, J. F., Hydramnios in uniovular twins; with report of a case, 243, 262
—. Perineal injuries during parturition, 627, 660
Celibacy in women and defective pelvic organs, the relation between, Alvarez, W. C., and Zimmermann, A., 30
Cervix, cancer of the, complicating pregnancy, showing the harmful effects of radium on the fetus, Mundell, J. J., 86
carcinoma of the, after irradiation, Kimbrough, R. A. and Norris, C. C., 279
prevention of, Charlton, H. R., 755, 798
uteri, carcinoma of the, Clark, J. G., and Ferguson, L. K., 144
carcinoma of the, Fluhmann, C. F., 174
during labor, protection of the, McDonald, A. L., 76
Cesarean scar, spontaneous rupture of a, Williamson, H. C., 391
observed during laparotomy for second cesarean, Ely, W., 262
section, abdominal, in Detroit in 1926, Welz, W. E., 361
bacterial contents of the uterus at, Harris, J. W., 133
in 96 patients, an analysis of the results in 130 pregnancies subsequent to, Rice, F. W., 591
indications and technic of, Lull, C. B., 633
low or cervical, the obstetric future of women delivered by the, Phaneuf, L. E., 446
narco local anesthesia in, Keller, F. E., 234, 260
ruptured uterus during the second labor after, a case of, Thornhill, P. E., 784
the morbidity and mortality of, Montgomery, T. L., 610
the obstetric future of women after, Phaneuf, L. E., 669
CHARLTON, H. R., Prevention of carcinoma of the cervix, 755, 798
CHERRY, THOMAS H., Peritoneal actinomycosis, with the report of case, 248
Choriocarcinoma of the uterus complicating pregnancy, Gill, J. E., vol. xii, 203*
CLARK, JOHN C., AND FERGUSON, L. K., Carcinoma of the cervix uteri as treated in the gynecologic department of the University Hospital (series II, 1919-1923), 144
Collective Reviews:
New books, Frank, R. T., 402
The obstetric literature of 1926, Greenhill, J. P., 676, 807
